

JETWING ST. ANDREW'S

SUSTAINABILITY PERFORMANCE | 2021

Environmental Performance

energy used per guest (MJ)¹

renewables in energy mix

water used per guest (m3)¹

solid waste treated/recycled

¹ While absolute environmental measures reduced, a marked increase in specific use (of energy, water etc.) was recorded during the year(s). As these variations are primarily a result of reduced occupancy levels and temporary suspensions of operations, are recognized as neither representative nor sustainable.

Employee Relations

gender distribution

regional distribution

training hours²

health & safety issues reported

² In 2020, many training sessions were conducted on COVID-19 safety protocols.

Community Engagement

community engagement programs conducted³

local youth trained³

(%) supplies sourced locally (within the district)

³ Opportunities for community engagement/development programmes limited during the pandemic lockdowns.

Guest Satisfaction
