

Jetwing
LIGHTHOUSE
GALLE • SRI LANKA

Perpetual paradise

Perched amidst bronze boulders at the edge of a bay, this iconic resort is the first thing to greet you as you drive into the ancient southern city of Galle.

The Bawaesque signature

The hotel is one of the last great works of design by Sri Lanka's greatest architect, Geoffrey Bawa. Built under his personal supervision, it boasts his trademark touches of saffron and bronze.

Treasures of the east

Depending on what tickles your fancy, each suite is catered to create a unique ambience on its own. Named after and aptly decorated to celebrate some of the world's most renowned explorers who set foot upon these golden shores generations ago, each is a doorway into another time and place.

A fulfilling dining experience

You don't have to go too far in pursuit of the best seafood in the country. Jetwing Lighthouse offers guests a delicious spread of the fresh catch of the day along with the taste of the finest wines to wash it down with. With diverse cuisines on offer to satiate your appetite, indulge in a mouth-watering meal worthy of your time.

For a formal affair

State of the art facilities and the most tasteful décor makes for our conference and banquet facilities to be the most celebrated along the southern coast.

Come meet the neighbours

Take a boat out with our resident naturalist and prepare yourself to meet some of the lesser known giants of the Sri Lankan deep. Blue Whales are known to make their home in our warm waters and they love saying hello to their neighbours.
