

COVID-19 Safety Policy

- We acknowledge our responsibility to maintain an environment devoid of COVID-19 threats for our employees and interested parties.
- Thus, we are continuing operations while considering the potential threat of COVID-19 on our interested parties through all activities (including outsourced activities), products and services.
- We ensure to comply with the objectives of our COVID-19 safety control plan.
- We are committed to comply with organizational guidelines, procedures, instructions and control plans which have been developed in accordance with ministry of health guidelines, existing legislations & other regulatory requirements.
- The management commitment will be in the form of acknowledging responsibility while providing adequate resources for continual improvement of the COVID-19 safety management system.
- The policy will be reviewed, updated and will be communicated to all levels within the organization.
- The policy will be available to interested parties as and when required.
